## 14 OCTOBER 2016

## No. 31

Dear Iona Community,

It is with genuine joy that I return to our College community after my sabbatical (religious break). I experienced some of the most wonderful cultures, people and places in the world and I grew a greater appreciation of the many blessings in my life, including the opportunity to be a member of this community. I definitely rested and relaxed, while at the same time reflected deeply on many aspects of faith and I am deeply grateful for the opportunity.

While I was away, I became acutely aware of just how wonderful our local bayside community is and I feel extremely blessed to live here in this community.

### OMAD THANKS

On behalf of all of the Oblate Missions around the world, I would sincerely like to thank everyone who contributed in any way to our wonderful total of \$87,000. This total again created a new record for financial generosity and this Friday, we will meet with the Year 12 Faith Leaders to select appropriate ministries for support. These ministries have traditionally been in Asia and Africa.

### SCHOOL CANTEN VOLUNTEERS

As a College, we remain extremely grateful to everyone who assists in the volunteer service of the canteen. In an extremely busy world, this generosity is deeply appreciated and necessary. This volunteering helps ensure that the surplus of the canteen can be re-invested back into the community. Some of the funds of the canteen have helped finance our shade projects that have proved so beneficial and popular. I understand that the canteen is in need of more volunteers before the end of term and I encourage you to contact the Tuckshop Convenor, Ms Karen Grifferty on 3906 8934 if you can spare any time to assist. My understanding is that there is a wonderful community atmosphere in the canteen and many laughs are had by all.

### CARTER SHIELD CONGRATULATIONS

Over 500 people gathered in Oblate Hall to witness the 20<sup>th</sup> anniversary of the Carter Shield Public Speaking Competition. For 19 years, this competition had been between Moreton Bay College and ourselves. This year, we warmly welcomed Moreton Bay Boys' College to the Carter Shield Family and their presence has re-invented this wonderful public speaking event. In a closely fought battle, Moreton Bay College were named the 2016 champions. Each of the schools involved can be justifiably proud of the efforts and talents of each of their speakers and their crowd support. The Principals and Heads of School from each community were present and it was a further demonstration of the extremely close and respectful relationship that we have between our schools. I thank Mrs Sam White and all of the coaches, support staff and crowds for their great contribution.

### AUSTRALIAN RULES FOOTBALL QUEENSLAND SCHOOLS CUP

I would like to offer the best wishes of the entire school community to our Years 7-9 Australian Rules Team. Earlier in the year, I was approached by students and families about the possibility of re-introducing Australian Rules Football back with the codes of football at the school. As a passionate (and often saddened) Fremantle supporter, I was happy to give the College's fullest blessings and support to the Ionians wishing to represent us. We entered a competition for those schools who are not part of the elite AFL Queensland Programmes and this is where I fully expected our standard to be. Without going through the entire wonderful story, this team just kept improving and improving and improving and have now found themselves catapulted into the elite top tier competition in the State where they have kept winning and are now in the semi-finals of the State Championship as the only remaining Brisbane school side. The team's dedication and commitment have created this wonderful and surprising opportunity and we wish them all the very best and remain extremely proud.

### YEAR 5 CAMP THANKS

I am genuinely looking forward to hearing all of the wonderful stories and experiences of the Year 5 Camp. I thank everyone involved in making this such a memorable and life-growing opportunity for our boys.

### BLESSING OF THE FLEET

This Friday will see the Blessing of the Fleet and the launch of the new Iona Sailing Season. ### POPE FRANCIS' MESSAGE TO THE OBLATES

This week saw the conclusion of the Oblate General Chapter which is a gathering of all of the Oblate leaders of the world to discuss the issues of the congregation and the ways to more effectively serve the people in our care. Part of this gathering was a meeting with the Pope and I thought I might include here the Pope's message to the Oblates. This message encourages us to always remember those in need and to make them a priority. We hold ourselves to this standard and this is why I wanted to share it with you here for those who would like to read it.

*Dear Oblates,*

*It is with particular joy that I welcome you, who represent a missionary religious Family dedicated to evangelization in the Church. I greet you all with affection, beginning with the newly-elected Superior General and his Council. You are here for the General Chapter, in the year in which you celebrate the bicentennial of your foundation through the work of St. Eugene de Mazenod, a young priest eager to respond to the call of the Spirit. At the beginning of its history, your Congregation labored to reignite the faith, which the French Revolution was extinguishing in the hearts of the poor in rural Provence, overwhelming also many ministers of the Church. In the space of a few decades, it expanded throughout the five continents, continuing on the path begun by the Founder, a man who loved Jesus with passion and the Church without conditions.*

*Today you are called to renew this twofold love, remembering the two hundred year lifespan of your religious Institutes. Your jubilee, for a fortuitous and providential coincidence, occurs in the Jubilee of Mercy. Indeed, the Oblates of Mary Immaculate were born from an experience of mercy, lived by the young Eugene one Good Friday in the presence of Jesus crucified. May mercy be ever at the heart of your mission, of your efforts of evangelization in the world today. On the day of his canonization, St. John Paul II defined Father de Mazenod a 'man of Advent', docile to the Holy Spirit in reading the signs of the times and aiding the work of God in the story of the Church. May these characteristics be present in you, his children. May you also be 'men of Advent', capable of discerning the signs of the new times and guiding your brothers on the paths which God opens in the Church and in the world.*

*The Church is living, together with the entire world, an epoch of great transformation in the most diverse areas. She needs men who carry in their hearts the love of Jesus Christ, which permeated the heart of the young Eugene de Mazenod, and the same unconditional love for the Church, which seeks to be a house ever more open. It is important to toil for a Church for all, ready to welcome and accompany! The work necessary to realize all this is vast; and you also have your specific contribution to make.*

*Your missionary history is the history of many consecrated persons, who offered and sacrificed their lives for the mission, for the poor, to reach distant lands whose people were still 'without a pastor'. Today, every land is a 'missionary land', every human dimension is a missionary land, which awaits the proclamation of the Gospel. Pope Pius XI defined you 'specialists in difficult missions'. The scope of the mission today seems to expand every day, embracing ever new poor people – men and women with the face of Christ who plead for help, consolation, and hope in the most desperate situations of life. Therefore, you are needed: your missionary daring and your availability to bring to all the Good News, which frees and consoles.*

*May the joy of the Gospel shine above all on your faces and make you joyful witnesses. Following the example of the Founder, may 'among yourselves practice charity' be your first rule of life and the premise of every apostolic action; and may 'zeal for the salvation of souls' be the natural consequence of your fraternal charity.*

*During these days of work at the Chapter, you have expanded your vision and hearts to envelope the expanse of the world. May this fraternal experience of prayer, confrontation, and communitarian discernment be a stimulus for a new missionary drive – a point-of-departure for new horizons – to reach new poor people and bring them together with you to encounter Christ the Redeemer. Adequate, evangelical, and courageous responses to the questioning of the men and women of our time must be sought. For this reason, look to the past with gratitude, live the present with passion, and embrace the future with hope, without becoming discouraged by the difficulties you encounter in the mission but rather be strengthened by faithfulness to your religious and missionary vocation.*

*As your religious Family enters its third century of life, may the Lord allow you to write new and evangelically fruitful pages, like those of your brothers who throughout these 200 years have testified – at times with blood – to a great love of Christ and the Church. You are Oblates of Mary Immaculate. May this name, defined by St. Eugene as 'a passport to Heaven', be for you a constant commitment to the mission. May Our Lady sustain your steps, especially in moments of trial. I ask you, please, to pray to her also for me. May my Blessing, which I wholeheartedly impart upon you and your entire Congregation, accompany your path.*

### CONCLUSION

As I arrived back from Europe during the week, I have not had enough time to prepare our next suburb introduction but I look forward to continuing those next week when hopefully jet lag is completed.

Take Care and God Bless

# LEARNING AND TEACHING

## LEARNING BY FAILING

On Wednesday I enjoyed attending the 20th Carter Shield, the annual public speaking contest between Iona College and Moreton Bay College (and as of this year, Moreton Bay Boys' College). The speeches were entertaining, cleverly constructed and often used humour as a vehicle to reflect. Two speeches, by Timothy Little (Year 9) and Jack Boardman (Year 12) resonated because of the importance of their message for learning. Both spoke of failure, Timothy due to its importance for growth and development and Jack by reinforcing its value lies in learning from it, not in allowing it to define us.

Last week reports were released on the portal and I've received many emails that reflect how significant the attainment of good grades is to our students. Just as it's rewarding to get high results, we shouldn't underestimate the importance of lower grades for feedback, learning and growth. Timothy reminded the audience that learning and development don't come without many, many failures and it is through these failures that we discover, explore and grow. While a low result can be disheartening, especially when the student has put in a lot of time, it is important to remember that failure is something that all students experience at some level and failure can be a very valuable learning tool.

**When your son is disappointed by his results, remind him that very successful people fail sometimes — some of them fail a lot.** Thomas Edison made 3,000 attempts before creating a light bulb that worked! Far from being a failure, Edison proved himself to be a brilliant inventor. Through his failures, he learned, he persisted and eventually he succeeded. Chicago Bulls player Michael Jordan attributes the secret of his success to failure. He reminds us that it's not the failure that matters: "I can accept failure. Everybody fails at something. But I can't accept not trying."

The challenge for both schools and parents is not to protect our children from the experience but to develop a healthy attitude to failure. For teachers, this means building a classroom culture that expects and tolerates mistakes, that fosters persistence and problem solving, that encourages and supports students to take risks, and that celebrates failures as learning opportunities.

For parents, it means promoting failure as an opportunity for growth. As Jack reminded us, our failures don't define us – what we do when we

fail shows our character. Disappointing outcomes provide a good opportunity for a discussion about learning, progress and improvement. Making it safe to admit and discuss failure can lead to higher standards of performance in future tasks. As Henry Ford said, "Failure is only the opportunity to begin again more intelligently".

## ACADEMIC AWARDS – PRESENTATION EVENING

The following information is provided to help parents and students understand the selection process for the academic awards.

1. **Academic Distinction** – offered to students who have received a minimum of 70% of A results in their cumulative achievement column. The lowest achievement result a student can receive for any particular subject is a C.
2. **Subject prizes** – awarded to the student with the highest cumulative result in each Year 12 subject, provided the student has received an A grade.
3. **Rector's Award** – awarded to students in Years 5 to 12 who have received straight A's. There are two exceptions to this requirement:
  - a. Students in Years 5 to 8 are allowed to attain one B+, provided it comes from the non-core subjects. This is in recognition of the large range of subjects and the variety of skills required to succeed in these year levels.
  - b. Students in Years 9 or 10 who study an enrichment subject in Science or Mathematics are allowed to attain one B+ result in these subjects only. This is in recognition of the more challenging level of skills and knowledge required to undertake these extension subjects.
4. **Award for Distinction in Studies** – presented to a student in Year 12 who has consistently received very high results throughout their time at the College.
5. **College Dux** – awarded to the Year 12 student with the highest academic results.

## THANK YOU FOR SUPPORTING IONA RACE DAY 2016

Organised in partnership with the Iona Old Boys' Association and the Iona College Foundation, Race Day 2016 saw nearly 600 race goers flock to the Doomben Racecourse on Saturday 8 October.

Ladies with their glamorous dresses and fascinators, and the gentlemen in their dashing suits, had a great time socialising with their friends and family. The major sponsors of the Iona Race Day were: Bartons, EDB Training Services, Harcourts Green Living, RaceBiz, Architects Dovey and Associates, John Carroll Electrical and Bank of Queensland Wynnum.

We also extend thanks to Emphasis Jewellery Collection, Vitanza Tyres, Domayne and Frenchies Café for donating prizes toward the raffle, and Male Manor and Smooche Boutique for providing the prizes for the Best Dressed Gentleman and the Best Dressed Lady. Pamper Lounge by Blow Inn and musical entertainment by Iona Old Boy Nick Koschel (Class of 2012) added to the great atmosphere of the day.

# FAITH AND MISSION

## PRAYER AND SPIRITUALITY

Students and staff at Iona College are actively encouraged not to seek a life as passive, one-dimensional consumers. Instead, we are all challenged to become self-reflective, successful contributing citizens with a strong faith and an informed moral conscience.

Spirituality is the personal quality where reflection and activities can heighten deep feelings and beliefs of a spiritual or religious nature and developing this sense of interiority and centredness can be helpful in the development of a well-rounded character. Ideally, a grounded Australian knows who they are individually and who they are before God. St. Eugene de Mazenod challenged people to "Learn who you are in the eyes of God".

Closely related to this, prayer is a way of communicating and deepening a relationship with God. It is a way of expressing who we are and what is in our heart and it is a way of reflecting on the goodness of God, as well as seeking his guidance and help.

Therefore, as a school based on a religious philosophy, prayer and spirituality are valued at Iona College as personal qualities and life skills for mature faith people.

Best wishes,

**Mr Wayne Wilden**  
**Dean of Faith and Mission**

## ENRICHMENT & ENHANCEMENT

### QUT VICE-CHANCELLOR'S STEM CAMP

During the September holidays, Year 11 students, Oliver Sutton and Callum Ward, were chosen to participate in the QUT Vice-Chancellor's STEM Camp, a challenging fully-funded camp for high achieving Year 11 students that aims to accelerate their understanding and exposure to research and innovation in STEM (Science, Technology, Engineering and Mathematics).

The 2016 camp invited 160 of Queensland's brightest students to spend five days at the Gardens Point campus to work with leading QUT scientists in real-world research projects.

Oliver and Callum represented Iona with respect and pride and should be extremely proud of their achievements. I am confident that this experience has inspired them to further pursue their passion and talents in the STEM fields.

## DRAMA = Intelligence having fun

### THANK YOU

The Drama students have started Term 4 with energy and drive! It is great to be back after thoroughly enjoying my long service (Terms 1-3). I would like to heartily thank Ms Emilia Keene for running the department during my absence. Thanks also to the department's other teachers, Mrs Bernadette O'Leary and Ms Sarah Barry, for all of their work during my leave. Together, this talented trio of Drama teachers have provided expert guidance for the boys and opportunities to develop their skills. At the end of Term 3, we bid farewell to our contract teacher, Ms Cherice Cleasby, and I thank her for her work in the department.

Likewise, a big thank you to very generous students who have run the weekly Years 5 and 6 and Years 7 and 8 lunchtime Drama Clubs (aided by the department's teachers); many thanks to Year 12 students Jaycob Beven-Delaney, Matthew Geaney and Joshua White, Year 11 students Jackson Burnett, Callum Crosbie and Johrel Martschinke, and Year 10 students Max Bickle and Nathaniel Kennedy.

### YEAR 10 DRAMA WORKSHOP

This week, the Year 10 Drama students attended a workshop with actor, singer and stage combat expert Niki-J Price. The boys explored the art of comedy! They experimented with traditional slapstick, examined status and its effect on relationships, and heightened their performance skills by manipulating the demanding and difficult art of comic timing. Overall, the boys had a tremendous time! They will now apply the knowledge gained in the workshop to their assessment item for this term.

### UPCOMING EVENTS

This Monday night (17 October) at the Roundhouse Theatre, the Year 12 Drama students will attend a La Boite production of Tennessee William's class A *Streetcar Named Desire*. (Parents will be emailed on Monday to re-confirm the pick-up time.)

On Tuesday (18 October) in IPAC, all Year 7 students and the Year 9 Drama students will attend a performance of *20 Lazzis in a Hat* by the Homunculus Theatre Company. This will be followed by a commedia dell'arte workshop for the Year 9 students. So, there's already lots happening in the Drama Department this term... with more excitement no doubt to come!

### 'SCENE PROJECT' OPEN PERFORMANCE – You're Invited Friday 14 October 6.30pm in Hannah Hall – All Welcome!

In Term 3, ten Drama and Speech and Communication students were selected to participate in the prestigious Queensland Theatre Company's 'Scene Project'. Since then, they have been working on conceptualising and directing their own interpretation of a new Australian play written for the event *Riley Valentine and the Occupation of Fort Svalbard* by Julia-Rose Lewis. Congratulations to Jaycob Beven-Delaney, Max Bickle, Callum Crosbie, Matthew Geaney, Lachlan Guilfoyle, Joshua Kritzinger, Flynn Martschinke, Talan McAnulty, Dimitri Politis and Joshua White for successfully auditioning.

An open performance will be held for the Iona community in Hannah Hall this Friday 14 October at 6.30pm. All are welcome to attend! (Free admission.)

## YEAR 11S INTERESTED IN ADFA

The optimum time to apply for entry into the Australian Defence Force Academy (ADFA) is Semester two of Year 11. Year 11 students who are interested in an attractive salary while studying an Australian Defence Force funded degree in Business, Engineering, Arts, Science, Technology or Information Technology are encouraged to commence their application this year. You can start your application on the [ADF](#) website or ring 131901. Before you do this, explore [life and study at ADFA](#).

## CAREER MASH

[Career Mash](#) is a Canadian website that focuses on careers that combine skills in information and communication technology (ICT) with other skill areas. For example, humanities and tech, fashion and tech, crime solving and tech. The site includes a fun quiz to identify ICT career mashers you may be interested in and information on a range of career mash jobs.

## RESEARCHING JOBS

You might have some job ideas, but know little about what the jobs entail. A good place to start is the [Researching Careers](#) article on the myfuture website. The article has links to the 'My Career Profile' (a career interest questionnaire to help you come up with job ideas) and 'Occupations' (information on over 400 jobs). It also provides information on interviewing people already in the jobs you are interested in. You need to prepare for these [Informational Interviews](#). Another excellent research strategy, once you narrow down your list of possible jobs, is to do work observation (spend a day or two with someone in the job). However, the best way to test your interest in a job is to do work experience. See your school Guidance Counsellor/Officer for help with organising work experience.

## AUSTRALIAN CATHOLIC UNIVERSITY (ACU) REMINDERS

**Early Achievers' Program (EAP) applications due** – EAP considers the contribution school leavers have made to their communities through their school, workplace, local organisations or cultural and religious groups not just their academic results. Applications close on 17 October 2016. Visit [EAP](#) for more information and tips on preparing your application.

**Bonus point schemes at ACU** – ACU has a number of schemes that can add bonus points to your tertiary entry score, thus increasing your chances of gaining a place in your preferred ACU course. Visit [Bonus points schemes](#) for more information.

# IONA COLLEGE SPORTS INFORMATION

## PLAY YOUR ROLE 2016

Basketball, tennis, sailing, water polo, track and field, volleyball, touch, AFL, golf, football and rugby were all involving numerous players last week. The programs get young men "involved" and "moving", such a vital development for contemporary youth. It also involves numerous generous staff and all should be appreciative of the value of the staff-player relationship and all the benefits that accompany such a relationship.

It is difficult to pinpoint the highlights of what we achieved last week, although the effort of the 1st IV tennis in defeating Padua and thus setting up the premiership final against St Peters this Saturday was excitingly strong. Our 13 years and 15 years touch teams also competed well against elite competition in the All Schools Championships.

This week is abundant with sporting significance. The final round of intercollegiate golf was held on Monday. Wednesday in water polo sees the two strongest AIC schools clash. AIC track and field meets continue on Thursday at QSAC, Nathan, and our Years 7-9 AFL team heads to Maroochydore for the State Finals over the weekend. The sailing "Blessing of the Fleet" on Friday will begin the Term 4 sailing season and racing begins Sunday. Round 6 of AIC basketball and tennis against St Peters will decide a number of premierships. The Provence Cup in volleyball continues next week.

Last week, Iona took two teams to the biggest touch football tournament in the world - the Queensland All-Schools Tournament. It was the first time Iona had taken part and the group of U13 and U15 boys performed admirably.

After both teams lost their preliminary games to Cleveland, they came together and trained well, in spite of many other individual commitments. While not reaching the final day of competition, each boy played their role and will be keen to improve their skills before coming back next year. Many thanks to coaches Mr Merrotsky and Mr Condon as well as parents who assisted throughout the tournament.
